

Fiscal Estimate Narratives

DOT 2/26/2013

LRB Number	13-0992/1	Introduction Number	SB-016	Estimate Type	Original
Description Special distinguishing registration plates for motorcycles owned or leased by veterans with disabilities and providing a penalty					

Assumptions Used in Arriving at Fiscal Estimate

PROVISIONS OF THE BILL

This proposal would add a motorcycle registration option specifically for disabled veterans. There is no additional charge other than the regular registration fee for issuance or renewal of this plate.

ASSUMPTIONS

In 2011, there were 32,409 autos and trucks registered with Disabled plates, and 2,689 autos and trucks registered with Disabled Veteran plates, for a ratio of 8.3%. If we apply this ratio to the 449 current Disabled motorcycle plates, we can approximate 37 registrations for Disabled Veteran motorcycle plates.

FISCAL IMPACT

Because there is no additional registration fee for the issuance of this plate, there is no expected change to revenue. The one time startup costs for this plate would in part be determined by the plate design, which must be determined in consultation with the Department of Veteran Affairs. Modifying the existing Veteran Motorcycle plate with the universal handicap symbol will require approximately \$11,100 in programming costs for data process modifications and eligibility determination. Plate development costs for this design would be minimal because the template currently exists.

If the Disabled Veteran motorcycle plate were to follow the color and design scheme currently utilized by the Disabled Veteran auto and truck plate, development costs would have to include an additional \$700 for the cost of the graphic design. DMV would incur minimal ongoing costs because of the limited number of plates expected to be issued.

The Department will have to process disability statements to determine eligibility ever 4 years, but the Department assumes most of the estimated 37 Disabled Veteran motorcycle plate holders would already be submitting Disabled Veteran auto or truck plate eligibility statements.

Long-Range Fiscal Implications

See above.
